2012 ANNUAL APPEAL

Dear Supporter,

Thanks to you, the Warren County Historical Society had another productive year. We now have a climate-controlled environment for the preservation of our historically invaluable collections. We also held several public outreach efforts, especially productive were our Youth History Camp, History Day and evening programs. Please visit us, our Resource Center continues to grow.

In addition to maintaining those fine programs, this year we plan to reprint Howard Mason's *Backward Glances*, offer residents and visitors a Warren County Heritage Festival and much more.

None of this would happen without your support. Any and all contributions are very much appreciated. Please send your contribution to the society at the below address. Again, thank you for your annual contribution.

Sincerely,

Gary Evans
Executive Director
